

Dear Parents,

In order to be prepared for possible emergencies on campus, we are asking each family to pack individual Earthquake/Emergency Kits for your children.

Please pack the following in a one-gallon ziplock bag. (I know it seems like it will be tough to fit everything in, but it can be done!)

The school will have reserves to supplement these items. In addition, each classroom will have an emergency backpack including first aid supplies.

There is no need for Me & My Baby or Parent/Child families to submit a kit.

- Two 3 x 5 cards with your child's name, phone number, out-of-state contact phone number and emergency phone numbers (please place this in the bag, so that it shows and we can identify each kit.)
- One (1) washcloth
- Four (4) safety pins
- One (1) dust mask or bandana
- One (1) travel packet of kleenex
- One (1) travel pack of hand-wipes
- Long-sleeve shirt – rolled up tightly
- Change of underwear
- Two (2) 8 oz. bottles of water
- Small packets of snacks that are vacuum packed and preserved. Place these snacks in smaller baggies. NO loose snacks that could attract ants, please.
- Small key ring flashlight (if possible)
- A note of reassurance from you to your child that will provide them with comfort at this time
- Any prescription medications (three-day supply including inhaler, EpiPen, etc.)
- A family photo for comfort (optional)

PLEASE MAKE SURE ALL FOOD ITEMS PACKED MEET THE FOLLOWING CRITERIA:

- Containers should not easily be punctured (avoid thin plastic or foil lids)
- Items do not need water added
- Items are not in glass containers
- Items are not salty (avoid chips, pretzels, crackers, etc.)
- Only pack items your child will actually eat!
